ACTIVITIES

The advantageous location, only a few minutes from the center of Târgu Jiu, gives us the opportunity to carry out various activities.

Thus, we will be happy to take you for a walk through our small town and introduce you to its history. As you probably know, Târgu Jiu is the hometown of the great sculptor Constantin Brâncuși.

Therefore, we will have the opportunity to present to you the monuments included in the "PATH OF HEROES" monumental ensemble, which the artist bequeathed to us.

Moreover, those of you who are interested in history can visit, if they wish, the two museums of our city, namely the Gorj County Museum "Alexandru Ștefulescu" and, implicitly, the Art Museum of Târgu Jiu.

ACTIVITIES

At the same time, because the weather is favorable, we are happy to announce that near the hotel is the most exclusive swimming pool in the city, Anna Summer Events.

Whether you're looking to take a dip, get a tan or as some true athletes would say, recover from the intense matches you're about to play, this location is the perfect spot.
